A World Without Limits

Chapter Eight  One of the main reasons why so many people, believers included, are contrary to the thought of God teaching us to profit is that people view the world through eyes of lack and limitations. Because of this, we are losing our footing and placement in life. This is all about acceptance. When you understand that God teaches you to profit, and accept that as truth, then you will no longer view the word “gain” as a dirty word. Both in the secular and in the church worlds, the word gain has been given an unfair rap.

Principle #1  More is good. More is God.

People tend to look at the word gain, (which for our purposes can be synonymously interchanged with the word profit), as the most filthy word
in the world. It’s viewed much like a curse word, as one of the most obscene concepts around. Even worse, is when people use the idea of gain and apply it to people within the church. Society has a hard time accepting the whole idea of gain. I can somewhat understand why they feel this way. Gain has been viewed and reviewed from the perspective of dirty leaders who defraud innocent people out of their money, as in the case of the Enron scandal.

You may have seen people do practically anything to get ahead in life, and to get ahead in the corporate game. People have been known to cheat, steal, lie, and even kill to secure their places. While this may seem like the ordinary day to day business of everyone in pursuit of gain, it is not necessarily true of all. There are some people who pursue more in life simply because they know that, with more, they can inevitably do more for others, more for the kingdom of God. So more is not bad. In fact, more is good. More is God.

But you will never understand this on a very shallow level. You can only understand this concept by delving into ancient mystical truths. One such truth remains—there is no shortage of anything in the universe. I believe that the main reason why people fight against profit so vehemently is that people have been trained from birth to embrace the lie that there is not more than enough of everything to go around. Buying into that lie will quite obviously put great fear in the average person, especially the person who has not embraced higher vibrational truths.
After these things the word of the LORD came unto Abram in a vision, saying, Fear not, Abram: I am thy shield, and thy exceeding great reward.

Genesis 15:1

Here are some ground rules. Rule #1. Don’t go into business if you believe there is lack. Rule #2. Don’t transact business with any person on earth if you believe there is lack, for the person with whom you transact business will surely rip you off. I know that may sound a bit silly, but just think about it for a minute. As long as you are alive you will have to deal with people. You will need to make daily exchanges. But you have to know within yourself that there is always enough to go around. There is more than enough.

No one is kept in poverty by a shortness of supply. Of riches there is more than enough. The shortness of supply has been in the shortness of your own mind. Poverty only comes into your life, because your mind has come up short. Because you have a short mind, that is why you are poor. Once your mind expands, your substance must expand. There is not, and neither will there ever be, a shortage of supply on the earth. There may be misappropriation or manipulation of supplies, but never shortage.
Principle #2

The shortness of supply has been
in the shortness of your own mind.

Two words that will always travel together in life are shortage and fear. The whole situation with the big Y2K scare was all about shortage and fear. Every government in the world where the people suffer lack is on some level about fear and shortage. Cruel government instills fear in the people, and as a result their minds buy into the fear, resulting in the illusion of shortage. Fear makes you believe irrational things. Some people thought God did not know how to count beyond 1999. A shortage mentality is a poverty mentality.

Principle #3

Poverty only comes into your life
because your mind has come up short.

No one is kept in poverty by a shortage in the supply of riches. As a matter of fact, the shortage is what can create your abundance. Once a demand is placed on a thing the value of that thing increases. The shortage can determine the supply. In the realm of matter, wealth is made by supply and demand, but in the realm of the spirit, there is no supply and demand. Why? In the spirit realm, there is only supply. My God meets your need according to His riches. Where are the riches? In glory! In the kingdom of God, there is no shortage.
Once your mind expands, your substance must expand.

Only in the realm of matter, on the material plain, does the idea of supply and demand exist. In the kingdom of God, all you have to do is “command ye Me the works of My Hand,” and the works of His hand start manifesting for you the thing that you desire. Everything you see on earth is made from one original substance. Out of that one original substance, is the way all things evolve. All things started to manifest from just one original thought. So, then, there is no limit. There is no such thing.

There is no shortage!

Behold All Things Become New

Behold, I will do a new thing; now it shall spring forth; shall ye not know it? I will even make a way in the wilderness, and rivers in the desert.  

Isaiah 43:19

New forms are constantly being made and the older ones are always dissolving. Matter cannot be destroyed. You can look at life like this: Life
is about the dissolving of the old and the bringing up of the new. This is a great age to live in. Just think about how much we have advanced by giving way to spirit to have its free reign in our thoughts. It used to take a whole computer room, 15 feet by 20 feet long, to run a database. Today you can run one hundred times that database, on a small laptop computer. With a simple modem in your laptop, you can take, send and receive faxes, check stock variations, watch ESPN, or listen to the news all from your car.

**Principle #6**

New forms are constantly being made and the older ones are always dissolving.

You can run an entire business with very little overhead. All you need is a laptop computer, and a cellular phone. They have rate plans for your cellular phone where you could talk on the phone for about 1,500 minutes for $99.00 a month. That is twenty-five hours. What a great age to live in. No one has to come and hook anything up, no hook-up charges. Buy the phone, and it is working in less than an hour. Understand that it is up to you to take advantage, and profit from the age you are living in.

Try this one, “What I be is up to me.” New forms are constantly being made. Older ones are dissolving. All are shapes assumed by one thing, and we will call this one thing God. All of you are gods, just in different manifestations, coming off from the same one God. The Bible says; “How can you love Me if you hate your brother? If you hate your brother, whom you have seen, how can you love Me, whom you have not seen? Your brother is just a manifestation of the same one thing.”
Principle #7

*Matter cannot be destroyed.*

The Power of One Mind

And Elijah came unto all the people, and said,

How long halt ye between two opinions? if the LORD be God, follow him: but if Baal, then follow him. And the people answered him not a word.

*1 Kings 18:21*

A double minded man is unstable in all his ways.

*James 1:8*

When you start walking in the consciousness of this teaching, it begins to eliminate your belief from residing in two powers. Remove yourself from dualism. Dualism, two-mindedness, was the tree that Adam ate of and died. You too will die if you eat of that same tree. It is the tree of the knowledge of good and evil. Have you been a part of a church that fed you from that tree of the knowledge of good and evil, and they also taught you about devils? Most people have been exposed to that kind of dualistic teaching.
There are many people who have left Zoë Ministries, giving heed to seducing spirits, and went back to teaching doctrines of devils, when they should have been teaching the doctrines of Christ, that there is only one Power. The only thing that causes you to stumble is if you believe a doctrine of devils. No other doctrine can do anything to you. There are always individuals who are trying to prophesy something negative is going to happen to you, but it can only happen if you believe in two powers. But, there is only One Power.

**Principle #8**

*Dualism, two-mindedness, was the tree that Adam ate of and died. You, too, will die if you eat of that same tree.*

*It is the tree of the knowledge of good and evil.*

There is only one God, which brings us all to just one manifestation—God, the Good, Omnipotent. I am working on my mind. I am getting my mind on a firm foundation, because I am on my way to heaven, and when I go into my heaven, I am going to get my reward. Hear Me, “Behold I come quickly and My reward is with Me.” Your reward is not outside of you. Your reward is with the “I AM” Who has come quickly. For the most
part, believers cannot seem to grasp the fact that God’s reward is within you. The Kingdom of God lives within you.

**Principle #9**

*There is only one God.*

So many people are waiting for this reward system, “Somewhere over the rainbow.” That is really what is killing you. All of you are dying to get over the rainbow. You need to understand the reward system of God, that is, I come quickly and my reward is with Me, to pay every man, or to pay every mind, the withdrawal it deserves because of the deposit it has made. The mind is so powerful. You are a living example of how people have influenced your mind. You need to release your mind from the curses that these false prophets have spoken to you, telling you that the world was going to end by 2000.

You see, a prophet of doom and gloom is a false prophet. A true prophet prophesies the good news of the kingdom. That is why you have to take heed to what you hear. A true prophet sees well beyond 1999. When a person buys into dates and uses them as limitations rather than as open doors of opportunity, you’ll know right away that he is a false prophet. Can a prophet not see beyond 1999? In 1989, I prophesied the word of the Lord about hurricane Katrina. It did not happen until 2005. If I were limited by the 1999 scare I would have been afraid to speak forth the word of the Lord.

Maybe that is as far as your imagination can take you. Many people limited themselves, not because of limitation in the earth, but because of their
limited imagination. Many of you did not get houses because you could not see yourself in a house. That did not mean that a house did not exist. It was just that you could not see it, or you refused to see it because you had two minds. Having two minds means that you have a spell on you. You have to begin to remove the spell over your life. The first step in removing the spell is by confessing within, “There is no limit.”

Principle #10

Many people limited themselves, not because of limitation in the earth, but because of limited imagination.

When you understand that there is no limit, then how could you be without this stuff? There is no limit to the supply of formless stuff or original substances. The universe is made out of it, but it was not all used up in the making of the universe. God did not use up all the faith that there is to use, in order to get something done. All he used was what was needed, but there is no end to it, which means that there is plenty enough for you.

In other words, the same thing that created a dollar for you last year is the same thing that is available to create two for you this year. It’ll never
run out, and it is formless. It takes on whatever form you give it. That is the nature of things. With that in mind, no man therefore is poor, because nature is not poor. In nature there is abundance. That is why when leaves fall from the tree there are so many leaves to rake, thousands. Nature always gives more than enough, more than you’ll ever need.

**MORE THAN YOU CAN HANDLE**

Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the LORD of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it.

*Malachi 3:10*

Think about it. You go and get your nails manicured. You go and get your hair treated and even cut off the dead ends. In less than a week’s time, you have to get it done all over again. Life is always growing in you. Nature is always giving you more. Your cells in your body rejuvenate. Your blood keeps pumping. Nature keeps giving you more oxygen, so you can give up more carbon dioxide. Nature is always giving more.

You cannot beat God’s giving. The more you give, the more God gives back to you. When you give, you force the Universe to give back to you,
and the universe can never give back to you what you gave to it. That is why the one that gives first in the relationship controls the relationship, because the seed always controls the harvest. So when you enter into a relationship, make a vow to be the first one to give. When you are the first giver, the other person never gives back to you exactly the way you gave to them. The Lord always demands a harvest.

**Principle #11**

*The one that gives first in the relationship controls the relationship, because the seed always controls the harvest.*

Relationships are destroyed when others cannot give back to you the way the universe demands for them to give back. They walk away mad with you, because they refuse to be a channel through which the harvest may come to them by divine law. That is where you get envy, jealousy, strife, and stress, and people getting upset. Always know, in any relationship, be the first one to give. When you are the first one to give that means you are guaranteed a harvest out of the relationship.

With every person I do business with, I try to get their birthdays. Why do I do that? I want to remember them. I’ve created a system to remember people on their birthday and give something to them. It might just be a box of candy that cost $4.00. You should try this with your boss. That gift can generate a five percent or a ten percent increase in your raise. Other employees may not give anything to their boss; they are only trying to take from them.
While they are trying to scheme and take, you have bypassed the art of scheming, and you have learned to operate in universal law through seeding. You have separated yourself from the rat pack. Learn divine law. Some people never get ahead because they are too tight. They are too stingy. God is always trying to get more into your hands than you can handle.

Did He not say, “prove me now herewith, saith the LORD of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it?” Malachi 3:10. Nature is an in-exhaustible storehouse of riches. The supply will never run out, and original substance is alive with creative energy. It is constantly producing more form. Do you not know that the God in you is constantly creating more forms? That is why He gave you the power of imagination. Imagination is creation.

Father God-in-me, I thank you now for the perfect law of liberty. I decree and declare that original substance, divine substance, is within me now. There is more coming to me all the time, every time, all the time, every time, more, much more, more, more is coming to me. I decree right here, I decree right now abundance will visit my life and expand within my life. I decree right here, I decree right now that I am getting ready for more original substance to manifest through me now.

Lift your eyes upward slightly and imagine right now what you want. Write it down here: I DESIRE ____________________________________________

________________________________________________________

________________________________________________________

________________________________________________________.
Start to draw it into your realm of reality. I will lead you into a meditation. As you are seated right now, lift your eyes slightly upward, about twenty degrees. You are going to bring into your experience, that which is up in the heavens—the heavens of your mind. Right now you see it on your mental screen, see Jesus holding it, ready to present it into your realm of matter. God is taking what is in the realm of the invisible and bringing it into the visible.

Now, your imagination is creation. What is the finished product that you are looking to see manifest? Give yourself permission to have it, by your eyes beholding it. Feel it becoming more and more real in your experience. Feel the joy of having; the joy of knowing, feel the joy of understanding that this is your divine right. Feel the joy! Now that all of these things have become real in your experience, feel it as if it is happening now! Whatever was in the past is no longer in the picture. This new-found feeling is in the picture, for it is set within your life.

Principle #12

Imagination is creation.
